- Stainbrook, R. (November). *School foodservice management*, pp. 39.
- Wood, W. (November). *Marketing school food services*, pp. 20-21.

## THEY HELP YOU MANAGE TIME AS WELL AS FUEL.

Petro Vend realizes that school officials have a lot to think about. It may even be that fuel control is not your most pressing problem.

We can eliminate your concerns about fuel control and free you to devote your attention where it's needed the most.

Petro Vend manufactures a full line of above and below ground fuel control systems. Like the K-2500 card operated motor fuel management system and the Petrosonic III tank monitor. These systems function together perfectly so you can account for your vehicle fleet's expensive fuel and protect yourself from a potential tank leak.

Best of all, these systems don't require your constant attention. You'll create reports quickly and easily; you can even have them printed automatically. So you're informed and secure. And you can devote your time to more pressing concerns. For more information contact us at Petro Vend.

PETRO VEND • 6900 Santa Fe Drive, Hodgkins, IL • 60525

### Do your buses pass the cold weather test?

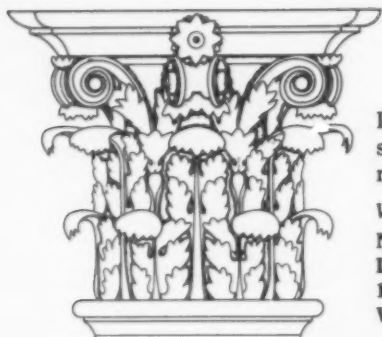

Espar's diesel-fired heaters can preheat engines for easy starting and provide interior heat for passenger comfort. And you can avoid the problems of using ether or electrical plug-ins.

If your buses spend even an hour a day idling in cold weather, you're wasting fuel and causing excess wear to the engines. Call us. We can help.

Ask for our free Buyer's Guide.

## Take the right course to efficient Bus Routing.

micro **Trips**

This easy-to-learn bus routing system offers a complete solution to transportation planning. All you need is an IBM PS/2 or IBM compatible PC and microTRIPS. We'll prepare a master map, build your student data base and custom tailor your district's master bus-routing plan. The system's advanced capabilities helps you to make bus routing more manageable - right through to producing bus passes and state-aid reports. Find out more. Call 1-800-343-6844 or write Software Plus (Education Plus Division), 301 Route 17 North, Rutherford, New Jersey 07070.
